

# International Financial Workshop: Financing Energy Efficient Building Retrofits

Date: Friday, 18th March 2016

Time: 9:00 – 17:00

Venue: Gewerkschaftshaus (Frankfurt Main Train Station)

Wilhelm-Leuschner-Straße 69-77 – 60329 Frankfurt am Main

Cost: FREE

Details: The EuroPHit project examined various financial models to bring deep energy retrofits to market. Now at the close of this EU-funded project the research and applied case study results will be examined in an international context toward increasing a high-quality energy efficient building stock and motivating local governments and financial institutions alike to adopt these innovative models. More details available at: [www.europhit.eu](http://www.europhit.eu)

Spaces are limited.
